SKILLS

- Self-discipline.
- Interpersonal Relationships.
- Initiative.
- Problem-solving.
- Team-work.

LANGUAGES

- Hebrew | Native
- English | Advanced

OBJECTIVE

As soon as my IDF service ended, I registered for the "From IDF to High-Tech" program. Honestly, I had no idea what to expect. After meeting the software world, I got into it. I liked the fact that we maybe can't predict the future, but we can design it, and the most appealing part is that I can be involved.

Looking forward to meeting you and start our new journey together!

EXPERIENCE

IDF

| 2020 - 2022

- Responsible for educating and implementing soldiers into suitable positions.
